GICAM visits Nachtigal site

Family photo on the closure dam

A close-up look at the Nachtigal site

On the 5th of October 2023, NHPC received a visit of board members of the "Groupement Inter-Patronal du Cameroun" on the Nachtigal construction site.

As part of their regular visits to GICAM members, the said board members wanted to see for themselves the progress of the Nachtigal project, which was 90% complete by the end of September.

The visit was also an opportunity to discuss the business opportunities that may arise from the forthcoming commissioning of the Nachtigal hydroelectric facility, whose first 60 MW are expected at the end of the year.

About GICAM

The "Groupement Inter-Patronal du Cameroun" (GICAM) is the most representative organization of Cameroon's private sector.

It brings together professional groups and individual companies in various fields of expertise, and has more than 1,000 members, including NHPC, which joined in 2022.

GICAM has 3 main missions:

- Providing services to its members;
- Representing the private sector;
- Defending the interests of companies, promoting free enterprise and Cameroonian economic area.
