NHPC creates the Nachtigal Local Market

A support for local producers and traders

As part of its social initiatives, NHPC has officially launched the Nachtigal Local Market.

This is an initiative set up by the company to support the Nachtigal project area's producers and traders by offering them a platform to market their food and artisanal products.

This local market, whose main target is NHPC's staff and people that work on the Nachtigal project, will be held in front of the Nachtigal Camp in Batchenga monthly, precisely every last Saturday of the month, to ensure its effectiveness.

A successful first edition

The first edition of the Nachtigal Local Market took place on Saturday 24th October 2024 and was a great success.

Numerous traders from Ndji, Olembé, Balong 1, Emana Batchenga, Mebassa, Otibili, Ntui and Ebebda villages took part.

Fruit, vegetables, plantains, cassava, yams and other products were available for NHPC's employees, who came to stock up on fresh food for a healthy diet.

Through this new initiative, NHPC is strengthening its relationship with local traders and producers and reaffirming its commitment to promote local economic development in the Nachtigal project area.
