NHPC celebrates IWD alongside the Nachtigal project area's people

NHPC's women serving community well-being

On the 8th of March 2025, NHPC joined the international community to celebrate the 40th edition of International Women's Rights Day (IWD) under the theme: "For all women and girls: rights, equality, and empowerment."

For this edition, NHPC's women carried out two major initiatives:

- A visit to the Saint Pierre d'Obala orphanage, where they provided emergency medicines and foodstuffs to support the 22 children living there. They also committed to install and connect a water counter and to start the outdoor kitchen' renovation works, which had been damaged by bad weather.
- A career workshop, during which two NHPC employees (the Q3SE Manager and a Mechanical Technician) shared their academic and professional journeys and advised around thirty secondary school girls from the Nachtigal project area.

Through these initiatives, NHPC's women demonstrate the company's commitment to improve the well-being of people in the project area while embodying the values of responsibility and solidarity that drive the company.
